## SELECTMEN'S SPECIAL REPORT

---

We are pleased to present the following Selectmen's report for the year 1952.

We have had another successful year financially as well as otherwise. You will note by the Balance Sheet that for the first time in many years that the Town of Seabrook is completely out of debt. On January 1, 1952, the net debt of the Town was \$1,953.46. When the books were closed on December 31, 1952 we had a net Surplus of \$4,397.91, a change of over \$6,000.00, not many towns can boast of such a favorable position.

Our Police Dept., Civil Defense, Highway and all other departments have operated fully and reliably. The heads of these departments have been very cooperative and have strived to make each more efficient.

During the year a new Tank Truck and Pumper Combination was added to our Fire Department. The purchase of this new truck was voted by a special article in the 1952 Town Warrant but as no provisions were made for equipment this was bought out of the regular Fire Department Funds, partially accounting for the overdraft shown on this account.

There is included in this year's Warrant an article calling for the purchase of a respirator. This, we feel would be a valuable piece of equipment, not only at fires but also for many emergency uses where oxygen is needed. Several members of the Department are well trained in the use of this device and if purchased the whole department personnel would be made familiar with the operation of same.

Since August 1st the Highway Department has been handling the Collection of Rubbish throughout the Town and Beach. This has been done on an hourly basis and it

seems to be the only fair way the job can be done satisfactorily as each year more and more people are vacationing at Seabrook Beach and a contractor bidding on this job in the spring has no way of knowing the extent of the services required of him through the summer months.

After much negotiating, the Town has received the Deed to the Streets and Right of Ways on the Easterly side of Ocean Boulevard from the Sun Valley Co. With the financial assistance of several of the cottage owners some of these streets were improved during the summer, this saved the Town considerable money.

There is included in the Warrant a series of articles pertaining to the repairs of these streets, they will be explained fully at the meeting.

There are two different articles in the warrant that call for the purchase of trucks for use by the Town departments. We believe that this can be done without any effect on the Tax Rate and should result in more and better service from those departments. Means of financing the purchase of the trucks will be presented when the warrant is acted upon.

We have prepared the estimated budget for the ensuing year and it is included in this Town Report. It is somewhat less than the 1952 Budget and barring a large increase in the School Department expenses, an expected increase in new valuation should result in a very favorable tax rate this year.

The Board meets each Monday evening at 7:30 to transact town business. The public is welcome to attend these meetings and discuss any problems pertaining to Town affairs.

EMERY N. EATON,  
WILLIAM H. SANBORN.
